

Summer Outreach to Mongolia

Youth With A Mission- Tyler, TX will be hosting a 3-week summer outreach to Mongolia.

This is a very exciting opportunity to join a YWAM outreach team. We will be spending three weeks ministering to the people of Mongolia.

My name is Ron Moyer and I've served with YWAM for 38 years. In the 1990's my family and I lived in UlaanBatar, Mongolia and helped pioneer the early church in this wonderful nation. Along with this we helped pioneered the first YWAM center there.

This summer we will be joining a much larger event called the "Bless Mongolia Outreach".

This vision has come from the founder of Youth With A Mission – Loren Cunningham. For the past few years Loren has felt compelled from the Lord to get a bible into every home on earth. He has felt that the Lord is selecting Mongolia to be the first nation on earth to implement this vision. For the past few years, Loren and many others, have been traveling and mobilizing the international church for this project. The plan is to mobilize hundreds of teams to come to Mongolia and join the Mongolian church to blanket this whole nation. The strategy is to take small teams to visit each and every home, introduce ourselves, present a bible & a JESUS film and ask if we could pray for them. There are approximately 900,000 homes across this vast nation.

This vision is quite doable since there are 4 recognized languages in Mongolia. Each of them has a full, translated bible along with a translated JESUS film. The whole nation is accessible by either road, rail and air which makes the movement of bible teams very easy. Mongolia celebrates religious freedom and it's fairly easy to share your faith and distribute the Bible and the JESUS film.

Mongolia also is very open and friendly to outside visitors – at least at this point. However, this door of openness may be closing. Mongolia is a land-locked nation between two Superpowers – Russia & China. Both of these powers have their eyes on Mongolia and all its natural resources. Both of these powers have recently been applying pressure and encouraging Mongolia to close relations to outside western influences. Along with this, they are pressuring Mongolia to close doors to the Christian church. On this present trajectory, Mongolia could possibly be closed to the rest of the world, and the influence of the outside church in just a few years.

If we look at all of these factors we can see that this is a very strategic time to get the word of God throughout this open and beautiful nation.

The Bless Mongolia Outreach will officially run from June – September. The team that we are taking will be gone from June 6th – 27th.

Approximate costs is \$3650 which will cover all travel & airfare, food, housing and translators. No vaccinations needed to travel. However, we may need to provide a negative PCR test. At this time we are planning a three-day stop over in Istanbul on our way home for some rest and team time together.

Why don't you pray and consider joining us for this life-changing experience?

Until all have heard,

Ron Moyer and Youth With A Mission - Tyler, TX
